Who is SchoolsPLP?

SchoolsPLP is an NCAA accredited online educational ecosystem where all aspects of eLearning are interconnected.

Real-time, to-the-point reporting and simple teacher/student communication enable teachers to focus on their teaching - easily keeping track of their students' progress.

How is SchoolsPLP different?

SchoolsPLP brings multiple curricula & instructional designs to a single easy-to-use interface.

We help schools tailor a specific plan & set of courses benefiting both students and staff within any online or blended learning environment.

Curriculum choice allows educators to choose the level of rigor, the interactive & multimedia components, and project assignments before releasing curriculum to their students.

SchoolsPLP is so intuitive, we will have your staff trained and ready to start in 90 minutes.

"The support offered by SchoolsPLP is unmatched. As for the platform and course offerings, my students are focused, the data is immediate, and my teachers are happy. It's a win-win-win!"

*-Kym Reid
Mayer Unified School District*

The Path to Success

with **SchoolsPLP**
Personalized Learning At Its Best

Virtual Teacher Instruction

Prior to **SchoolsPLP** administrators had to choose between buying:

one curriculum that *might* meet most learning styles

OR

multiple curricula to *try* to reach all learning styles

SchoolsPLP solves this dilemma by bringing multiple curricula & instructional design models to an industry leading LMS

SchoolsPLP offers administrators control with options for teacher customization.

Name	DE	Progress	Grades	Hours Worked	This Week Activities Finished	Mastered First Try	W
Bench, Jonny	A	0.0	0	0.0%			
Choate, Hanna	B	0.5	7	100.0%			
Does, John	C	0.0	0	0.0%			
Duck, Donald	D	0.0	0	0.0%			
Mohy, Kathy	D	0.0	0	0.0%			
Smith, Johnny	-	0.0	0	0.0%			

SchoolsPLP provides a simple experience for personalized learning with real time monitoring and communication tools.
